And I am sure of this, that he who began a good work in you will bring it to completion at the day of Jesus Christ.
Philippians 1:6

There is no greater work we can do than to share the Good News that Jesus has come to bring forgiveness of sins and reconciliation to God. As the verse above promises, the “good work” we have done for Christ will continue long after we are gone. That is leaving a legacy in the truest sense.

Your “work” does not need to be limited to your immediate sphere of influence. When you look back and consider the story of your life that you’ve written, your impact is in your career, your service at church, and your influence on your family. But consider extending your reach with a legacy that will present the Gospel to people you may actually never meet!

Through a DAF or charitable annuity with Galcom, you can write a further chapter that leaves a legacy stretching around the world, so your story of good work can continue.

Leaving a Life-Changing Legacy

Back in 1966, I knew God wanted me in the ministry, but I was well-established in the business world. My pastor challenged me, “When are you going to stop playing games with God?”

He then left me with Psalm 37:5: “Commit your way to the LORD, trust also in Him, and He shall bring it to pass.” I made a commitment at that time to unreservedly do whatever the Lord asked of me. I took a hold of His hand and, until He takes me home, I know that He will not leave me nor forsake me. He’s been right there to uphold me and guide me through more than 50 years of ministry.

Long after our teams leave a country, they leave behind a Gospel legacy in the form of a solar-powered, fix-tuned radio, audio Bible, or even a Christian radio station. I also want to leave a legacy from my life, a testimony of service; that, humbly, my life would be a blessing to others; that many would come to know Jesus as Saviour because of God working through me.

We are just pieces of clay in the Potter’s hands. He molds us into vessels that can glorify Him. He blesses us with gifts and resources; when we willingly offer them back to Him, He multiplies them beyond our imagination.

Life-Changing for Those who create a Fund

Iain cuts the ribbon in 2017 at the inauguration of Radio Emanuel's new building, dedicated to the memory of his wife, Ruth.

This fund dedicated to Galcom was created in loving memory of my wife Ruth, and in gratitude to the Lord for the forty years of happy companionship which He allowed us to have.

During our married life, we saved specifically to cover the cost of living in a retirement home. So, when the Lord took my beloved Ruth to be with Him in April 2007, and provided her with a home infinitely better than anything she could have had here on earth, that money became available. In 2015, I decided to create an Endowment/Donor Advised Fund (DAF) with Link Charity, allocated entirely, including the interest generated, to the ministry of Galcom International.

By doing this while still alive, rather than as part of my will, I obtained two advantages which have become very important to me. It has meant that I can participate in discussions as to the projects to be funded, and also that I am able to actually see the ways in which the Lord has used these funds to exalt His name and extend His Kingdom.

Ruth's DAF has helped install radio stations in

Radio Emanuel, Albania, funded in part by Iain Sommerville's Donor Advised Fund.

Albania, Tanzania, Liberia, and Peru; vital repairs have been made on stations in Bolivia, Tanzania, and Peru; and radios have been provided in Bolivia and Tanzania.

In addition to the spiritual aspects, from a purely financial point of view, this fund has been a tremendous success. Despite having spent 78% of the original endowment, there is still over 32% of the endowment left available to fund further projects. The staff and Board members of Link Charity are to be highly commended for this achievement.

Life-Changing for Those who Receive from it

Alijuma Rose
Age 42

I reached Uganda in 2015. I lost my husband during the war and am not happy with those who kill my husband. One day

passing by, I hear Radio Usalama talking about peace and forgiveness. That one message has entered my life. I used to go to my friend's house about 1.5 km away to listen to the program because I have no radio at my house, but today the Lord has given one to me. I will now invite friends of mine to listen too.

Juliet Oleyo
Age 16

I lost my parents in June. I am living with my grandmother; she could not buy a radio for me to attend classes online up until now, but today God has opened that for me with this radio. From today on I will attend classes. May God bless you all!
