

A JOB WELL DONE— AND A TASK UNFINISHED

After 20-plus years of service at Galcom and more than 30 years in radio ministry, our Field Technician Dave Casement is riding off into the sunset into retirement. We know that his personal involvement in the Great Commission does not end here as he continues to serve alongside his wife Kathy as she pastors Verona Free Methodist Church near Kingston, ON. Dave installed, repaired, designed, or upgraded dozens of radio stations all over the world, with a specific focus on Africa where he served with TWR in Swaziland before he joined Galcom. The impact he has made is immeasurable. The signals of the stations he has built reach a potential audience of millions. One of Dave's

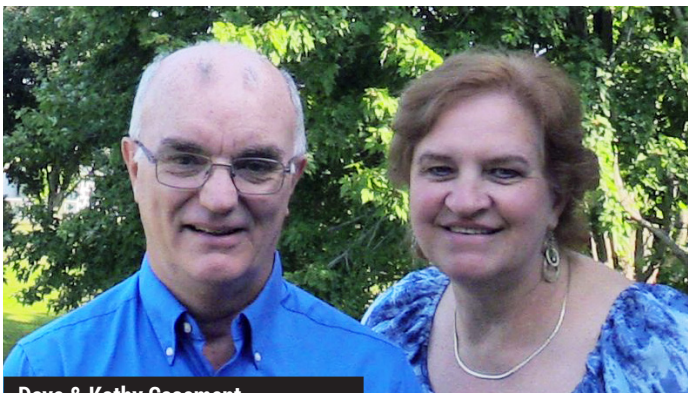

Uganda, 2020

With Dave's departure, it has put a spotlight on the fact that no one person can complete the Great Commission. It takes all of us with our unique spiritual gifts, experiences, and education to work together within the Body of Christ to fulfill this evangelistic mandate. So, we have partnered with another ministry to reach out to South Sudanese refugees in the displaced-person camps in Uganda. For decades, Cal Bombay has been working to solve the poverty and food-shortage issues in East Africa. Most recently, he has developed "Gardens of Hope": large bags with soil, fertilizer, seeds, equipment, and training to help bring nutrition to families stuck in the camps. Cal Bombay

NO ONE PERSON CAN COMPLETE THE GREAT COMMISSION. IT TAKES ALL OF US.

lasting legacies here at Galcom is the OmniStation he designed. A portable radio station, it is contained in two shockproof cases. The design was put to the test in Kajo Keji, South Sudan. When militants came to raid the village, the station manager was able to quickly unplug the station and carry it into the jungle, where it was kept safe until they were able to return to the village a couple of months later, and within minutes to begin broadcasting again.

Dave & Kathy Casement

Ministries will feed the bodies with Gardens of Hope, and Galcom will feed the souls with ImpaX radio/audio players. We are calling our project "Double Harvest"!

Read more about it and enjoy a photo essay of Dave's contribution to the Great Commission in this edition of our newsletter. Pray and consider how you can contribute in your own unique way to share the message of Jesus Christ's love.

With you in Christ's service,

Tim Whitehead
Executive Director

DOUBLE HARVEST

Suppose a brother or a sister is without clothes and daily food. If one of you says to them, "Go in peace; keep warm and well fed," but does nothing about their physical needs, what good is it? In the same way, faith by itself, if it is not accompanied by action, is dead.

James 2:15-17 NIV

GALCOM
INTERNATIONAL • CANADA

For many displaced people, hunger is a constant companion; they don't always know when they'll eat again. This is life for more than a million refugees living in Uganda, who fled the unrest and violence in South Sudan. The UN and other relief agencies don't have the funds to provide enough food. So in 2016, Cal Bombay Ministries (CBM)

began a project called Gardens of Hope, to equip the refugees to grow vegetables. After attending a training session, each participant goes home with a large bag, soil to fill it, a hoe, a watering can, and seeds to start their garden. They receive a visit from the trainers to make sure the garden is growing well.

We at Galcom want to partner with Cal Bombay Ministries to continue our ministry to the South Sudanese refugees. For every Garden of Hope that is donated through CBM, Galcom will send an ImpaX player; for every ImpaX player given, CBM will match with a Garden of Hope. We're doubling our impact by feeding bodies as well as souls!
