I BELIEVE IN JESUS AS MY PERSONAL SAVIOR.

The two-hour daily shortwave program is broadcast from the Philippines. By the grace of God, this shortwave radio station has changed the lives of many people in Cambodia's remote areas. The following is the testimony of a 21-year-old young woman from Ratanakkiri province's northern parts.

My name is Thuy Chenda, and I live in Ratanakkiri. Thank you, God, for rescuing me from my previous life of sin, incorrect thinking, and incorrect speech, all of which God despises. Many temptations have led to negative thinking, selfishness, and disrespect for my mother. She never blames me and always prays for me. God made use of my mother. She gave me a SW radio and wished that I would live my life in faith and follow Jesus Christ. For six months, I was forced to listen every evening. Through good programs, God's word, and life-changing stories, God miraculously worked in my heart. I completely changed my life and began to live in love. At the time, I made the decision to follow Jesus and go to church with my mother. Thank you for loving me despite my lack of faith experience. Thank you to shortwave radio for providing excellent Bible content and numerous testimonies from other listeners. God bless you!

My name is Sothea, and I am a listener from the province of Kampong Thom. I thank God for directing my life so that I can live in the light and hope that God provides. When my life counted down to zero, everything seemed meaningless. Loneliness came into my family life, no laughter happened. It is a great grace that He loves my family and has sent faithful servants of God to encourage and bring Krusa FM as a great source of encouragement, according to the Word of God. Thank you for looking after my family and giving me hope, and for knowing that there are so many other Christians praying for me. Thank you Krusa FM for always being close to our family. God's blessings!
