Guatemala

1

Pray for Abby Penglase, missionary to Ecuador, as she and a team from El Buen Pastor radio station record the Bible in the Kichwa language. It's an exciting opportunity to reach the largely illiterate population.

2

Cambodia

3

The Cape Malay people live in the Cape Town area in South Africa. Islam is an integral part of their identity; if any family member comes to know Jesus, he fails to be a Cape Malay. Pray for a strong Christian witness to these people.

4

One of Galcom's first partners were Richard and Kathy MacDonald, serving in the DR Congo with Radio Kahuzi. We are excited to send them our new Compass shortwave radios! Pray that these tools will be a great support to them.

5

Jesper Noer, our R&D Technician, has struggled with one sickness after the next this winter, along with wife Rebecca and daughter Emma. Please pray for healing from chronic health concerns as well.

6

Ed Lyons and the team at Persecution Project have requested another 6,000 audio Bibles for distribution in Sudan and South Sudan. They work in a dangerous, volatile area. Pray for their safety as they meet people hostile to Christianity.

7

VAR Rosemary Skuce's son Nathan, wife Torie, and their three children are travelling to Costa Rica and then through Europe for the next four months. What a trip! Pray for wisdom, protection, unity, and joy.

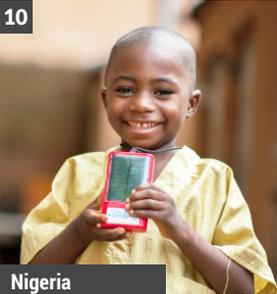

8

Michelle Cope, Ministry Agency Coordinator, is looking forward to March Break with teacher husband Dan and their four kids. Please pray for rest and renewal for this lovely family as they take some time together!

9

Since 1983, the conflict in Sudan between the Arabic north and the Christian south has resulted in more than two million deaths. Pray for the 336k Muslim Arabs who remain in South Sudan; they are not popular with the Africans.

10

Nigeria

11

Last year we provided upgraded equipment to Pacific Aviation Ministry in Micronesia. The salt air does great harm to towers and antennas. Pray for continued impact as Nob Kalau and his team broadcast to the people of 600+ islands.

12

Tim Whitehead heads out to Prairie Bible College's Mission Conference in Three Hills, AB this week. Not only does he get to represent Galcom, but he will travel with his missionary father and spend time with his daughter, who attends there.

13

Kevin and Lynn Baker, Galcom staff living in Alberta, are a travelling duo. Pray for wisdom, safety, and strength as they represent Galcom at conferences, churches, on the phone, and while installing radio towers!

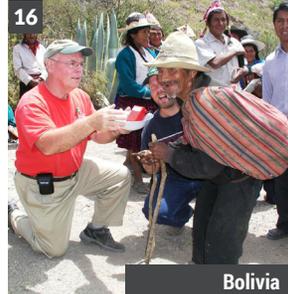

14

One Tribe produces radio dramas promoting forgiveness and reconciliation between Christians from different tribal groups. Pray for a breakthrough in South Sudan where ancient rivalries undermine the unity of the Gospel.

15

The Jesus to the Nations Mission Conference is happening right now in Halifax, NS. Pray for Jessica Lindsay, who will be representing Galcom. It is also the ideal opportunity to visit with her family there!

16

Bolivia

17

Pray for the Baduy, a small group who live at the foot of a mountain in Indonesia. They follow a secretive ethnic religion, but the Bible is currently being translated into their language and GRN has some Bible teaching.

18

Volunteer Jane Narine would like prayer for sister Jean and her children: Soma who is recovering from a stroke and Mikey who struggles with mental health.

19

OMS missionary Lisa Degraaf provides administrative help and support for Radio 4VEH in Haiti. She even travelled to Cap-Haitien in December to work with the office staff. Pray as she splits her time between Brantford, ON and Haiti.

20

Carolina Bartholomew has left her position at Galcom for a wonderful opportunity as a full-time counselor at the Niagara Life Centre. We wish her well! Please pray for a good finish to her Master's degree as well this spring.

21

In January, Galcom volunteers prepared another 1,500 audio Bibles for New Life Prison Ministries, distributed in prisons all across Canada. Pray the inmates will accept God's gift of forgiveness and find hope and purpose in Christ.

22

Kevin Horan, our computer expert from the States, would like prayer for the roll-out of new audio library software at Galcom: for quick fixes to bugs and effectiveness of the software for many!

23

There are 1,700,000 of the Adamawa Fulani in Nigeria. They are almost all Muslim with only 0.05% professing to be Christian, which makes them a frontier people group, desperately in need for a Gospel witness among them.

24/31

Kenya

25

It's tax time, and lots of people are thinking about strategic giving. Pray for Rob Ennema and Link Charity as they help people practice good stewardship. Link has helped our partners dramatically multiply their giving impact.

26

Martie Van Niekerk praises God for all our volunteers who serve faithfully and joyfully. Please pray for her as she continues to learn the technical skills she needs as our Production Administrator!

27

28

In the new year, Roger and Heather Ewald, Galcom VARs, braved the coldest week on record to drive to South Dakota to help out after the birth of their 15th grandchild. Praise God that mother and family are doing well!

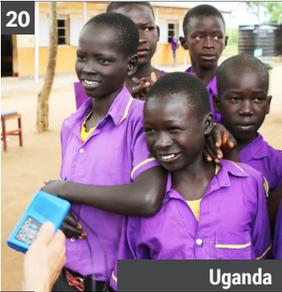

29

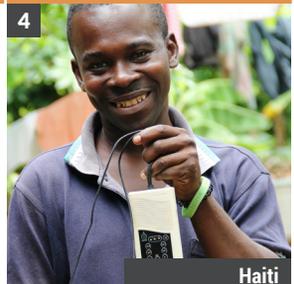

FEBC Mongolia has sent us testimonies from listeners using Galcom radios. They have seen exponential growth in the Church, but still only 1.3% are Christians. Pray for discipleship as they train new believers to share their faith.

They travelled to Ecuador to join our team last fall, and are planning to host a team in Huánuco, Peru this spring. Pray for all the travel logistics to come together.	 Albania
7 Pray God's blessing on the people of North Korea today. The inhabitants often do not learn of news events until months or even years after they occurred. It is political power, not geography, that keeps this people group so isolated.	8 Our accountant, Andrea McGuirl, faces our annual audit with tenacity and diligence every year! Please pray for her as she prepares for the audit this spring.	9 Pray for Chuck Pollack of Sharing International as he leads the team doing the training in Tanzania this week. Chuck brings 50 years of broadcast experience to his ministry. Pray for strength and endurance during the long days.	10 Pray for Galcom Engineer Francis Njoroge, who will be travelling from Kenya to teach the technical track of our Tanzania training. Take advantage of the incredible Missions Assessment tool at guidelines.org and pray about how you can participate in the Great Commission.	 Uganda
21 The 14,000 Coastal Swahili of Kenya have recently shown an interest in Western culture. In addition to attending Islamic school, most children also attend public school to acquire a Western-style education. Pray for this open door!	22 The foster baby of Engineer Pierre-Yves Mutrux's family is now two years old and keeps making progress with his ongoing health condition. Please pray for his many medical appointments.	23 Pray for Terry Branscombe and the team at Harvesters FM in the Maritimes. Please pray for encouragement, rest, renewal, and health!

Please pray for the radio distribution in this 90% Muslim nation.	30 Galcom USA Director Tom Blackstone is planning more visits to the Texas-Mexico border to distribute audio Bibles to refugees.
