

Dear Friend,

April 2, 2026

For over 35 years, Galcom has supported missionaries in some of the most remote areas on earth by building radio stations and supplying them with solar-powered, fixed-tuned radios so they can expand their reach and multiply their impact. Most of the world does not read or have access to electricity in their homes. Radio is the most efficient way to reach them with the good news of Jesus Christ.

To further our work, we host an annual Golf Tournament; last year, thanks to the generous support of our golfers and sponsors, we were able to provide radios to inmates in prisons in Peru. God offers His grace and forgiveness to all, and our team, who delivered the radios, were overcome by the emotion some of the inmates expressed when they got a solar radio and an audio Bible. Hearing the message of God's love is overwhelming for many of them.

We want to make that big of an impact again this year. We are partnering with a pastor in Kenya who built a rough station to reach his community, but his dreams were bigger than his wallet. This is where Galcom comes in! We want to build a proper tower, upgrade his transmitter, and build a proper studio. Bishop Amara has a vision to reach the community of Migori daily with the Gospel in a way they can understand.

Would you consider supporting Galcom's work by sponsoring our Golf Tournament? Besides being part of an effort to make the world a better place, there's something in it for you. A big plus for our sponsors is that our tournament is becoming a great networking opportunity, as more and more executives from manufacturing and related fields are participating. This is an excellent way to get your name out there and exchange some business cards.

Radio distribution in Kenya

This year's tournament is tentatively scheduled for July 13th at "Niagara's Friendliest Golf Course". Whisky Run Golf Club in Port Colborne.

Our goal is to raise \$30,000 towards the work in Migori, Kenya.

This year, we have some help running our Golf Tournament. Len Vis was connected to Galcom through his parents' volunteer work in our production department, where they made our radios. His in-laws also helped build a radio station in Trinidad and Tobago. Len led the team that ran the annual Golf Tournament at a local Christian school where his three children attended for several years. He has semi-retired from his dairy farm and knows he can make a great impact for Christ by using his time and skills to help us.

He has a vision to make this more than a fundraiser and to raise awareness of Galcom's work. Len will be reaching out in the next week or so to follow up on the sponsorship opportunities. He'll be able to answer all of your questions.

We hope to partner with you in making a difference in Kenya. It couldn't get any easier or more enjoyable than by playing a round of golf!

With you in Christ's service,

Tim Whitehead
