# AUGUST 2026

1

Today, please pray for the persecuted people of North Korea. The government enforces the personality cult of Kim Il Sung's family, and any other faith is labelled treason. Pray that the small underground churches would thrive and have peace.

2

Please pray for Recovery Church, a new church in downtown Hamilton, ON. This is a church created *by* the Recovery community, *for* the Recovery community. There is a great need for this kind of ministry in Hamilton.

3

Galcom's Chief Engineer, Pierre-Yves Mutrux, is visiting supporters in Switzerland this month. Please pray for successful meetings as he contacts supporters and shares about the latest developments at Galcom.

4

Pray for Runa Simi, our ministry partner in Peru. They recently held a Train & Multiply workshop for believers about spiritual gifts. "Most of the people here face hardship, yet they attend church faithfully," Samuel Saccsara says.

5

Two years ago, Executive Director Tim Whitehead was in a car accident and still suffers from pain and lack of mobility in his right shoulder. Please pray for full healing.

6

Pray for persecuted Christians, who experience different kinds of oppression: Open Doors refers to direct physical violence as the Smash, but people also suffer from the Squeeze, the subtle daily discrimination they face.

7

Kevin Horan, our IT Technician, covets your prayers for wisdom and for God's direction as he designs and builds reliable software to help Galcom get the Gospel out to more people.

8

Oxford Baptist Church in Woodstock, ON, is hosting their Missionary Bonanza this weekend. Oxford has been a partner church with Galcom for many years, and we are grateful for their partnership.

9

10

Every Village recently brought its radio teams together in South Sudan for hands-on technical training. Pray for these hardworking teams that face danger in their country. When the equipment is strong, the message stays on the air.

11

Kevin and Lynn Baker attended the Christian Native Youth Conference in May at Camp Nakamun in Alberta. Pray that the 65 teens who placed their faith in Christ will grow and be disciplined as Christians.

12

Pray for Technician Francis Njoroge, who is currently working on stations in Tanzania, Rwanda, Kenya, and Zambia. His team needs safety as they travel and work on towers to ensure the best possible broadcast coverage.

13

Galcom was blessed to recently interview Sue Sokoul from Niagara Life Centre, a service that offers faith-based, low-cost counselling for healing from trauma, anxiety, depression, and abuse. Pray for this impactful ministry.

15

16

19

Pray for Sayun Marwa FM Radio in Kenya. They have been off the air for three months because of a broken power transformer that the government hasn't fixed. Solar power may be the answer—pray for the funding needed.

20

Our Production volunteers are devoted and speedy with their work, so much so that when the orders aren't pouring in, we don't have enough work for them! Pray for many new radio orders from our ministry partners.

21

Every month, Sam Ebersole, Training Director of the Global News Alliance, joins the Mission Compass show to report on "God stories" from all over the globe. Pray as he travels extensively to train reporters worldwide.

22

Tomorrow, pray as Galcom presents at Faith Baptist Church in Mount Forest, ON. This is the home church of Les Martin, who attended a mission trip to Peru with us in March 2025 to distribute radios to prisoners.

23/30

25

Please pray for the upcoming Galcom trip to Tarapato, Peru, in September for a ladies' conference. Women from all over the region will attend. Pray for the preparations and for the women's hearts to receive God's word.
